

RoVent[®] and RoVent[®] Jr.

Automated ventilator

RoVent and RoVent Jr. small animal automated ventilator are ideal for mice, rats and small animals up to 1,250 grams. Both are fully automated — simply enter the animal's weight and press run.

The Rovent includes the RightTemp temperature monitor and homeothermic warming module.

Features & Benefits:

- **Fully automated with touchscreen control**
Safely ventilate using auto-calculated settings based on animal weight
- **Volume control and pressure control**
Reduce footprint with one, dual control ventilator
- **Multi-animal capability***
Greater efficiency

**Our clinical department will be pleased to review your study protocol to confirm that our product will meet your specific study requirements.*

Standard 1-Year Parts & Labor Warranty (Premium 3-year warranty available).
